| Flag / Port of Registration | : Malaysia / Port Klang             |
| Call sign                   | : 9MIQ5                             |
| Classification              | : Bureau Veritas (BV)               |

#### Dimension

|         |           |           |
|---------|-----------|-----------|
| Tonnage | - GT      | : 238 T   |
|         | - NT      | : 71 T    |
| Length  | - Overall | : 40.25 m |
| Beam    | - Moulded | : 7.48 m  |
| Depth   |           | : 3.23 m  |
| Draft   |           | : 2.30 m  |

#### Capacities

|                      |                      |                                            |
|----------------------|----------------------|--------------------------------------------|
| Cargo Deck Space     | Deck                 | : 6.00 m x 19.00 m (114.00m <sup>2</sup> ) |
| Strength             |                      | : 2 T/m <sup>2</sup>                       |
| Reefer Point         |                      | : 2 nos on deck (220/440 VAC)              |
| Portable Water Tanks |                      | : 30 m <sup>3</sup>                        |
| Fuel Oil Tanks       |                      | : 61.8 m <sup>3</sup>                      |
| Lubrication Oil      |                      | : 200 litres                               |
| Cargo Weight.        | - Maximum            | : Approx. 45 T                             |
| Deadweight.          | - Maximum            | : 210 T                                    |
|                      | - Light displacement | : 103 T                                    |

#### Propulsion

|                        |                  |                                                         |
|------------------------|------------------|---------------------------------------------------------|
| Main Engine            | - Type           | : 2 x Cummins KTA38M21 x Cummins KTA50M2                |
|                        | - BHP            | : 2 x 1350 BHP & 1x1800BHP<br>Total: 4500 BHP (3350 kW) |
| Propellers             |                  | : 3 x Fixed Pitch Propeller (FPP)                       |
| Bow Thruster           |                  | : 2 MT lateral thrust                                   |
| Controls               |                  | : 2 control stands                                      |
| Starter                |                  | : Electrical                                            |
| Reduction Gear & Ratio |                  | : Twin Disc, MG 6690 & 6848<br>SC, 2.47:1               |
| Speed / Consumption    | - Maximum ltr/hr | : 27.8 Knots / Approx 847 ltr/hr                        |
|                        | - Cruising       | : 26.1 knots @ 85% MCR/Approx 724 ltr/hr                |
|                        | - Genset         | : Approx 25 ltr/hr                                      |
| Generators             | - Type           | : 2 x CUMMINS BT 5.9 D(M)                               |
|                        | - kW             | : 2 x 80 kW                                             |
|                        | - Voltage        | : 415 V                                                 |
|                        | - Phase          | : 3 phases                                              |
|                        | - Hz             | : 50 Hz                                                 |

#### Accommodation

|                 |                                                                                                        |
|-----------------|--------------------------------------------------------------------------------------------------------|
| Cabin/ Berth    | : 5 nos / 10 units<br>(4 berths x 1 nos)<br>(2 berths x 2 nos)<br>(1 berth x 2 nos)                    |
| Crew Passengers | : 10 pax<br>: 60 pax (Business Class inclined seat with individual hand rest, Fully Air- conditioning. |

#### Life Saving Equipment

|                           |                                                             |
|---------------------------|-------------------------------------------------------------|
| Water Curtain             | : All around accommodation                                  |
| Inflatable Life Rafts     | : 20 men x 8 nos.                                           |
| Rescue Boat               | : 6 men x 1 Semi-Rigid rescue boat c/w 25hp outboard engine |
| Ring Buoys                | : 8 nos                                                     |
| Man Over Board Marker     | : 2 nos                                                     |
| Life Jackets / Work Vests | : 68 nos, (SOLAS approved) / 12 nos                         |
| SART                      | : 2 nos                                                     |
| EPIRB                     | : 1 no                                                      |
| Line Throwing Apparatus   | : 1 set (4 projectiles & 4 lines)                           |

#### Fire Fighting Equipment

|                     |                  |
|---------------------|------------------|
| Fire Extinguishers  | : As per SOLAS   |
| Fireman Outfit      | : 2 nos          |
| Breathing Apparatus | : 2 sets of SCBA |

#### Navigation & Communication

As per SOLAS

#### Others

|                           |                                                 |
|---------------------------|-------------------------------------------------|
| Bilge Pump / Ballast Pump | : 30 m <sup>3</sup> /hr @ 54 m head             |
| Fire Pump                 | : 30 m <sup>3</sup> /hr @ 54 m head Fresh Water |
| Transfer Pump             | : 13.5 m <sup>3</sup> /hr @ 55 m head           |
| Fuel Transfer Pump        | : 13.5 m <sup>3</sup> /hr @ 54 m head           |
